Meet the people behind the place.

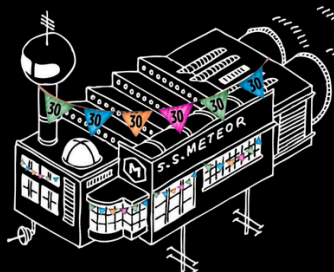

As a small but mighty team, we are determined to provide wraparound support for all who enter our building.

Our kaupapa is centred around supporting artists who want to create and present work; as well as helping carve out pathways so the arts are accessible for all. From the moment an artist submits an expression of interest, to their final curtain call and pack out, our team is there to make sure they have the best experience possible.

30, FLIRTY, AND THRIVING!

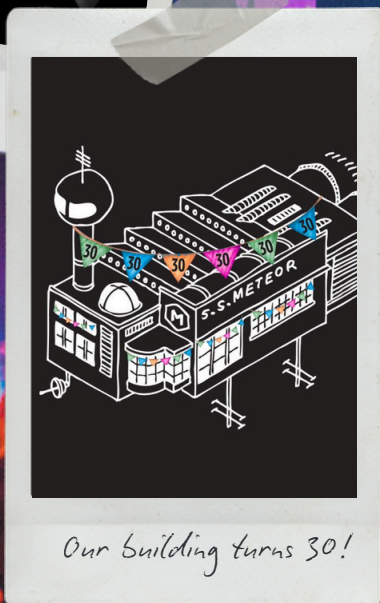

Help our building keep going.

Get Learnt

GET LEARNT is our programme connecting rangatahi with inspiring arts experiences beyond the classroom.

From professional performances and dedicated school shows, to hands-on workshops with leading artists, the programme sparks creativity, builds confidence, and brings learning to life.

This year students experienced *The Bookbinder* by Trick of the Light and *Ration the queen's veges* by Te Wehi Ratana and Tainui Tukiwaho.

Our one-day workshop intensive immersed students in theatre-making, writing, music composition, movement, and physical performance. Led by experienced local artists, these practical sessions develop creativity, collaboration, and real-world performing arts skills.

Becoming

Street Dance Sessions

A hip hop dance theatre show exploring the different identities we create to belong, succeed and be seen. Through themes of freedom, pressure, loneliness, ambition and healing, Becoming follows the emotional journey of discovering who we are beneath the expectations of the world. This is not a story about having life figured out, it is about realising that we are all still becoming. Written, directed and choreographed by Miriana Wetere-Ryder.

9-to-5: The Musical

Te Kawai Toi | Wintec

Based on the 1980 hit movie, this story of friendship and revenge is a little bit romantic, thought-provoking and a whole lot outrageous. Pushed to their limits, three female coworkers concoct a plan to get even with the sexist, egotistical, lying, hypocritical boss. Hilarity ensues as Violet, Judy and Doralee live out their wildest dreams and take control of the company that had always kept them down. With the toe-tapping songs of Dolly Parton and the razor sharp book of Patricia Resnick, 9-to-5 is anything but a typical day at the office!
